Designers, architects: imagine, design and create your own door with our *Condo Lifestyle Series Door*.

This *unique condo package* includes door, jamb and casing up to 90 minute.

Lambton Doors can provide interior doors to match the unit entries.

The *Condo Lifestyle Series Door* offers architects and designers the same design and technical options available in our *Architectural/Designer Series*. See the DESIGNER/LIFESTYLE Section of our Website.

Architects and designers take advantage of this series for many reasons:

- **lifetime warranty** prefinished doors
- **fully bonded** construction
  - avoids telegraphing year after year
- **factory finishing**
  - provides a uniform finish for doors, jamb and casing
  - uses an **environmentally friendly finishing process**
  - results in a completely sealed door
    - provides stability to the structure of the door year after year
    - is **environmentally friendly** for workers and condo residents
  - provides a furniture quality finish
- it offers value **added options**:
  - such as specialty glass, metal inlays, reveals, applied moldings, louvers, panels and **UF Free**
  - at a very competitive price when compared to onsite finishing.
